DEMANDS FULL INVESTIGATION.

Supt. Chapman Declares He Will Resign Unless Vindicated.

HELD TO GRAND JURY AS RESULT OF WHIPPING TUCKER ROY.

Prof. G. W. Chapman, Superintendent of the Madisonville Graded Public School, who was tried Saturday before Judge Howpelt, of Madisonville, on charge of "WHIPPING AND CRUELLY BEATING YVETTE TUCKER, A BOY UNDER THE AGE OF SIXTEEN YEARS, has demanded an immediate and thorough investigation of all "ugly rumors" that have been about concerning himself. The Board of School Trustees have adopted resolutions upholding Supt. Chapman in maintaining discipline in the school and fixing a time for a full investigation of all matters touching Prof. Chapman's fitness to fill the place he now occupies. The hearing will be held next Thursday evening and citizens are asked to submit in writing all they know upon these points, to be considered at that meeting.

The board of trustees of the Madisonville public school held a call meeting Monday in the office of the secretary, all the members being present. The chairman of the board stated that the object of the call meeting was to discuss discipline in the school and the various rumors being circulated in regard to Prof. Chapman. The following communication from him was read:

"To the Board of Trustees of the Madisonville Graded School: "I am informed that there have been ugly rumors regarding me which would render me unfit person to remain in charge of your school as superintendent. I deny any and all such charges, and urgently request you to make an immediate and thorough investigation. If the truth does not fully vindicate me I shall feel in duty bound to resign at once. Respectfully,
"GEORGE W. CHAPMAN."

The following resolutions were adopted by the board: "Whereas, the idea is entertained by some that the superintendent of the Madisonville Graded School has no power of correction of pupils. Now without passing on the propriety of past corrections, be resolved that it is the sense of the Board of Trustees of said school that proper discipline in said school be maintained and that the published rules of this board be faithfully and impartially enforced.

"A copy of this resolution shall be given to the superintendent and he will read the same to the school; and whereas there are rumors afloat regarding the improper conduct of the superintendent, and he has demanded an immediate investigation thereof. Now, be it

"Resolved, That the Board of Trustees do hereby set Thursday, March 23rd, 1906, at 7 o'clock p. m., at the Hopkins County Bank, for full and thorough investigation of any and all matters touching the fitness of Superintendent Chapman to remain in charge of said school, and we request all persons who have knowledge or information on or before that date to send the board written charges with names of witnesses."

Friends of Prof. Chapman express great surprise at the decision of Judge Howpelt in charging the charge against him to "assault and battery" and holding him over to the grand jury. The bond was fixed at \$250. The trial lasted nearly all day Saturday and was closed with speeches by Everett Jennings for the defense and Ruby Laffoon for the prosecution. The speech of Mr. Jennings is spoken of on all sides as a masterful effort and the general belief in the court room was that Prof. Chapman would be cleared.

The Baz has a sketch of the new historic paddle, by the new "bludgeon" with which Superintendent Chapman administered the punishment to young Tucker. Here is the exact description of this paddle: It is

made of basswood, 12 1/2 inches long, 1 7/10 inches wide at widest part, tapers at handle, 1 1/2 inch thick and weighs exactly 12 ounces.

RECORD BROKEN

In Subscription for Y. M. C. A. Building Fund.

The most remarkable canvass ever made for a Y. M. C. A. Building was successfully closed at Kansas City, Mo., on March 15th, all past records in this line being broken. In twenty-four days campaign \$27,119.00 was subscribed for a new Building. The Committee having the canvass in charge commenced to raise one quarter of a million dollars, and in the remarkable short time of twenty-four days, the amount stated was subscribed, and the Committee in charge states that there is no doubt but what the amount finally subscribed will reach fully \$300,000.00.

This canvass breaks all records, being the largest amount of money ever raised for a Y. M. C. A. Building in the length of time.

The Y. M. C. A. building committee will receive \$25,000 for the completion of the new Y. M. C. A. building at Madisonville up to noon, Monday, April 2. At that time the bids will be opened. The committee reserves the right to refuse any or all bids. Interested parties will be furnished full particulars by Mr. I. Bailey, chairman.

As soon as the contract is let, and the work of building assured the committee will at once proceed to complete the canvass for the necessary funds. The Committee will need \$15,000.00, in addition to the amount that has been subscribed and they feel confident of being able to secure it in a reasonable time, though they do not anticipate beating the record made by Kansas City.

ANNUAL INSPECTION OF STATE MILITIA.

Earlington Company 'G' Will Be Inspected Thursday, April 12.

General orders No. 1, received by Capt. Paul P. Price gives the schedule for inspection of the military companies of the State next month. The inspection will be conducted by Capt. Melville S. Jarvis, 4th U. S. Infantry, and Inspector General Noel Gaines. The inspection will begin at Owensboro on April 9. Company "G," of the "award of colors" at the last annual inspection of the Third regiment, will be inspected on the evening of Thursday, April 12th. The Madisonville company will be inspected on the evening of April 11th.

CHAS. BURRIS GOES TO PENITENTIARY FOR KILLING WIFE.

Soldier With Six Years Fighting Experience Convicted of Manslaughter.

Hopkinsville, Ky., March 17.—Charles Burris, charged with murder in the killing of his wife at Pembroke several months ago, was found guilty of voluntary manslaughter by the jury this morning and given the highest penalty, 21 years' confinement in the penitentiary. Burris was in the army for six years and was honorably discharged in the Philippines. He was in the memorable charge up San Juan Hill and numerous other battles around Santiago, through all of which he passed without a scratch.

HIT BUT NOT HARMED.

A head end collision occurred at New Empire Saturday evening but no damage was done. Hill engine 541 and engine 1630 pulling a freight train, were striking each other slightly, the cause of the accident is thought to have been due to the fact that engineer Nolan thought the hill engine was on the siding when it was on the main track. Engineer Crawford was in charge of engine 541. Engine 1630 is the same engine that overturned and killed engineer Wetzel at Nortonville a short time ago.

DIED AT ASHEVILLE.

Mrs. Cornelia Ford Bond Passes Over While Yet Young.

SPENT HER GIRLHOOD IN EARLINGTON.

The following notice from Sunday's Nashville American tells the story of the end of the brief life of a lovable young matron whose girlhood years were spent here in a circle of friends who still cherish the memory of a sweet and beautiful young life:

Mrs. McNeal Bond. "Many warm friends of Mrs. Cornelia Ford Bond will regret to learn of her death, which occurred at Asheville, N. C., on March 10. She was a daughter of Col. and Mrs. Joseph F. Ford, formerly of this city, whose home is now in Nashville. She had been in failing health for several years past and bore the sufferings with that spirit of resignation and fortitude that was characteristic of her. Her girlhood and young womanhood were spent in Nashville, where her rare culture, magnetic personality and beauty won for her the friendship of every one with whom her life came in touch. She was 28 years old. One little girl, Irene McNeal, 8 years of age, survives her. Her remains were carried to Louisville, and beside those of her late husband, McNeal Bond, in the Park-McNeal family burial ground. The funeral took place from the home of Mrs. Bond's mother-in-law, Mrs. Jerome P. Hill."

CONFEDERATE REUNION

Will Be Held at New Orleans Beginning April 25th.

On Wednesday, April 26th, 1906, the reunion of Confederate Veterans and Sons of Veterans will be held in New Orleans. Arrangements have been made with the railroad company for a special train from Louisville for the Sons of Veterans and their friends who desire to make the trip. The train will leave Louisville Monday, April 23rd, and reach New Orleans Tuesday evening at 7:30 o'clock. Fare for the round trip will be \$1.00. An invitation to the F. B. Harris camp of Earlington is extended and the members of this camp are hereby notified that a call meeting will be held in New Orleans on Monday night, March 26th, to consider this and other important business. Each member is urged to attend this meeting.

OPERATOR LIVELY.

Who Formerly Worked at This Place, Confesses to Causing the D. & R. G. Horror.

Operator S. F. Lively, whose home was at Munfordsville, Ky., and who formerly worked at this and other points on the Henderson division, says he was responsible for the head end collision that occurred near Adobe, on the D. & R. G. railroad March 16, in which 53 persons were killed and injured. Lively was operator at Swallow Fork, Colo., and was working for the night man, Van Duzen, the night of the accident, shortly after No. 3 had passed, asked operator Lively if No. 3 was by his station, and he said it was not. On the strength of this information the dispatcher put out another order that the train should meet at Swallow Fork instead of Adobe. A few minutes later the trains crashed together with the above result. The employees of the L. & N. will naturally wonder how No. 3 got by the board at Swallow Fork, as it is customary on this road for all trains to stop at train order offices if the signal is red, and also if they do not change from red to white, but it is exactly the reverse of the D. & R. G. The semaphores on that road stands at safety unless there is an order and then it is pulled to show the red light or stop signal. Operator Lively was considered a good man on this division and was on the L. & N. regret exceedingly to hear of his misfortune.

Under a recent ruling of the post office department all newspapers names of names of persons, places, prices and what and such, are to be excluded from the mails.

SHOOTING OF BRADLEY WAS NOT SERIOUS.

Osburn Made Escape Immediately and Left No Trace.

What at the hour was thought to be a serious shooting affray last Thursday night, in which Oas. Osburn proved, upon examination by a surgeon, to be a simple bruise on the back wound. The ball struck Bradley over the small ribs on the left side and was picked from under the skin of the abdomen after penetrating a fold in the abdominal wall.

There was a supper at the colored church near the lake Osburn walked home with the wife of Allen Boyd and her sister, who is a young school teacher. Boyd's home is near the church. Bradley, whose wife is a sister of these two women, lived in the same house with Boyd. Bradley came on home a short distance behind Osburn and the two women. When he reached the gate Boyd's wife had run into the house and Osburn was blocking the gate so the younger woman could not pass through. Bradley ordered him to let the girl pass and Osburn resisted the order. There was a scarp in which Bradley struck Osburn in the eye and Osburn shot Bradley as about 11 o'clock at night. Osburn fled at once and is believed to have succeeded in getting away on a fast train. Policeman Clarence Mitchell went in search of Osburn as quickly as the news of the fight could get down town and afterward patrolled the railroad yard near the tippie but could get no trace.

HOPKINS COUNTY MEDICAL SOCIETY

Met in Madisonville Last Week and Discussed questions of Importance pertaining to the profession.

There was some fifteen or twenty physicians present and took an active interest in the meeting. The next meeting will be held at the court house Madisonville the third Thursday in June and a cordial invitation is extended to all the physicians in Hopkins county to be present at this meeting and take part in the discussion and work. The following well known physicians are officers. Dr. W. A. Nisbet Earlington president. Dr. A. W. Dixie Morton vice president. Dr. R. W. Long Madisonville seey & treasurer.

R. L. LOVELLES

left Law Courts for Lady Love and fled to Hopkinsville for License.

There was something doing all day last Thursday and Friday for R. L. Lovelles, of this place. On Thursday he was tried at Madisonville for striking J. E. Spencer, also of this place, on the head with a pair of brass knuckles. Lovelles and Spencer are both miners and a dispute arose over who had mined the largest number of cars of coal.

The proof was not sufficient to arrest Judge Wilson in binding Lovelles over and he was dismissed. He at once went to see Clerk Will T. Mills and applied for marriage license, which was refused on account of no witnesses. Lovelles in no wise disheartened by the failure to procure the license went to Hopkinsville and secured the necessary papers, returning to Earlington that night. The next morning the happy pair drove to the ceremony at which the magistrate Jno. R. Evans tied the knot hard and fast while they sat in the buggy in front of the col office. This was Mr. Evans' first couple and he thought the ceremony as though he had been marrying people all his life. The bride was Mrs. Etta McClinoch, of Hecla, and the young couple will live at Hecla.

The new line between Goodlets and Bakers is now in operation. The siding connecting with the old line north of Goodlets and north of Bakers is called "Dale" and is kept so it can be used for a passing track.

CREMAED IN A WRECK

Two Heavily-Loaded Fast Passenger Trains Collide on Rio Grande.

Wreckage Takes Fire, and Many, Pinned Under Debris, Burn to Death.

FAILURE TO DELIVER ORDERS THE CAUSE

An Engineer, who Fat Forth Every Chance of Escaping, Remembers of His Train, Found Dead at His Post, and an Operator Who Says He Had Worked Three Nights Without Sleep, Went to Sleep at Post Two of a Family of Eleven Killed—Awful Scenes and Heroic Work.

[It has been ascertained that 55 persons lost their lives in the Rio Grande wreck. This number was definitely settled upon by the summary of pelvic bones found, together with the known number of corpses and fragments.] Denver, Col., March 17.—A wreck, accompanied by awful horrors, occurred at 2:30 p. m. Friday, four miles east of Florence, Col., and 28 miles from this city. A blinding snow-storm was raging, at the time. The collision was between two Denver & Rio Grande fast passenger trains—the Utah-California express, No. 3, west-bound from Denver and the Colorado-New Mexico express No. 16, east-bound from Leadville and Grand Junction. They met on a sharp curve and were less than 200 yards apart when the engines discovered that a collision was imminent.

A FATAL EFFORT.

It is known that the engineer of the westbound train put forth every possible effort to bring his train to a stop, but his efforts were fruitless, and although he succeeded in checking the active interest in the meeting. The next meeting will be held at the court house Madisonville the third Thursday in June and a cordial invitation is extended to all the physicians in Hopkins county to be present at this meeting and take part in the discussion and work. The following well known physicians are officers. Dr. W. A. Nisbet Earlington president. Dr. A. W. Dixie Morton vice president. Dr. R. W. Long Madisonville seey & treasurer.

Fire Swept the Wreck.

The disaster was made more horrible by the manner of the death of many of the passengers, variously estimated from 20 to 35. Fire swept over the wreck, engulfing the victims in a cauldron of flame and leaving only charred and blackened bones to tell the tale of slaughter.

Thrilling and Awful Scenes.

During the progress of the fire one man was seen hanging from a window. "For God's sake, save me," he cried, but the heat was too intense for the rescuers to reach him. He slowly burned to death before the eyes of the crowd around the flaming wreck.

A man forced his way into a coach that had received the brunt of the shock, and seeing a young girl pinned under a seat, endeavored to lift her to a place of safety. As he raised her the girl gave a gasp and died in his arms. The rescuer dropped his burden and seized a man who was lying under a mass of debris. He dragged the man to a clearing in the wreckage, where other hands carried him to a place of safety.

Dead Perpetrator On Board.

A number of for-igners were among them, and in their terror they gave up life without making any attempt to save themselves. One of the burning cars was paralyzed with fear and with prayers upon their lips they sank to the floor of the car and were roasted alive.

John R. Evans, the magistrate, was dead for rest. I went to sleep and did not give No. 16 its orders. I am responsible for the wreck. I wish I knew how I happened to go to sleep. I had been at work three nights without rest."

The news that the Belfast and Northern Counties railway of Ireland had offered free traveling for ten years to proprietors or tenants of new houses along the line between Belfast and Lough Larn has been widely commented upon by the press.

A PLEA FOR CONVICTION

ATTY-GEN. MOODY IN THE PACKERS CASE.

Makes it Plain That the Implication of the Guilty is Sought By President.

Chicago, March 20.—In closing his argument in the packers' cases in the federal court here, William H. Moody, attorney general of the United States, said: "The government of the United States is too much in earnest in this prosecution to be deterred to the pursuit of a nervous, hesitating, pusillanimous policy. The government has committed, we are seeking the punishment of the men who committed the wrong—the living, breathing, breathing. The government of the United States will be satisfied with no less than that."

Moody emphasized in his remarks upon the motions to instruct the jury, that the government seeks to punish individuals, not corporations and he made it plain to everyone in the courtroom that imprisonment of guilty packers is the end sought by President Roosevelt and the department of justice. [A federal grand jury on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. McLean, Charles on July 1, 1905, brought indictments against the packing companies and other individual members as follows: Individuals: J. C. Calver, Armour, Packing Co.; Thomas J. Connors, S. A. McRoberts, Arthur Meeker, P. A. Valentine, L. A. Carlson, A. F. Evans, D. E. Hartwell, R. J. The Sins of the Parent FREQUENTLY FALL UPON THE CHILDREN

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which is, as a rule, the result of Specific Blood Poison in some ancestor. It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable. Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for these diseases which were almost as obnoxious and dangerous as the disease itself. The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

FOERG'S REMEDY

Oconomia, Va., Aug. 15th, 1909

To Whom It May Concern:

We have two little twin girls that were badly afflicted with Scrofula. After trying three of the best doctors we could employ they continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them sound and well. This was four years ago, and I can tell you, I cannot say too much for this medicine, for I think it the best blood medicine in the world.

E. C. COURTNEY

This is a true copy of statement sent us by Mr. Courtney, and is on file in our office.

FOERG REMEDY CO.

Don't delay, but get to your druggist and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee on money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

LOCOMOTIVE BLASTS

Big Centre of Coal Cars.

The Pennsylvania railroad has decided to burn up all wooden coal cars and to discontinue the construction of new ones. Costly wrecks have been caused by the use of old cars, which are frequently crushed between the heavier steel ones by sudden stoppage of trains.

L. & N. Improvements.

The Louisville & Nashville road has resumed active work on the Henderson division and is working all the men it can get between Edgfield Junction and Henderson. This work was stopped for a while in the winter in order to send the work gangs to the Cincinnati-Atlantic Line. The men have returned reinforced and from now until the middle of the summer there will be many extra gangs at work on this division. Nearly all the line from Edgfield Junction will be rebuilt and several new bridges will have to be put in. When this work is completed the St. Louis line of the L. & N. will be one of the best on the Louisville & Nashville system.—Nashville American.

A force of L. & N. engineers is now engaged in surveying the steep grade in Hopkinsville beginning at Fourteenth street and extending beyond the Clarksville pike crossing. When all details are completed the work of reducing this hill will be commenced.

Determined to stop dilutions at the stations with its passengers and the use of the stations for general meeting places, the Delaware and Hudson railroad company has ordered its station masters to prevent any loitering about the stations and to allow only those who buy tickets and are waiting for trains to remain in the stations. It has been found that young boys and girls gather at the stations to flirt with passengers who come on the trains and that the stations are the rendezvous for those who arrange to meet each other.

The work of reducing grades and straightening curves on the Henderson division will begin soon. In reducing these grades traffic will not be delayed in the least. All the grading will be done with a view to double tracking the division at some future date, and with this end in view the space graded will be just twice as wide as at present. Under this plan half of the space will be graded while the track remains on the other half, and when this is completed the track will be moved to the graded part and the other portion will receive attention.

Brakeman Edwards spent Sunday evening with relatives at Adams, Tenn.

Three sections each of Nos. 51, 53 and 54 were run on the St. Louis division Sunday on account of the heavy travel.

Engineer Elmo Shaver, of the north end coal run, handled 50 loaded cars of coal in the northern part of the yard one night last week. This is the largest

number ever handled by a single engine and establishes a new record on the Henderson division and is a remarkable feat as the yard is an up-hill pull all the way. The coal came from the Victoria mines and those along the Providence branch.

Engine 559, which overturned at Nortonville several weeks ago killing Engineer Wetzel, was in a collision at New Empire Saturday night. Engineer Nolan and Conductor Cortner were coming to Earlington and collided with hill engine 541 at the north switch, derailing the tender of the hill engine and drivers of engine 559. No one was injured and traffic was resumed in a few hours.

Conductor Frank Gephart, of Hopkinsville, was in the city Sunday.

Engineer Fleming and Yardmaster Joe Fortner, of Hopkinsville, were here Sunday having the boiler of switch engine 428 washed out.

Steve Mothershead, of Howell, Ind., spent Sunday with home folks.

Operator Pat Duffy, of day force, has resigned and will enter the insurance business.

Operator Jas. Sanders, who has been working on the north end days, is transferred to the south trick succeeding Pat Duffy.

The pay car passed over the division Monday making the boys happy.

Announcement is made that work will begin soon on a new freight depot at Guthrie. The new structure will be 100 feet long and 80 feet wide. It will be built on the Henderson division.

Switchman Walter Peyton has returned from a visit to relatives in Virginia.

Brakeman Daniels has resumed work after a several days' absence.

Conductors McDowell and Eugene Carneal have changed runs. Mr. Carneal is in the chain gang service on the south end and Conductor McDowell takes his place on the coal run on the south end.

Operator Chesterfield is working downstairs on the north end during the day.

Operator Byrd, of the night down stairs force, has resigned.

Hostler R. L. Fenwick, who for the past few weeks has been on the sick list, is slightly improved.

Operator Powell is working the south trick down stairs succeeding Operator Byrd.

Passenger service was inaugurated on the Kentucky Valley railroad yesterday morning and regular passenger trains are now running between Providence and Blackford, connecting at the latter point with fast trains on the Illinois Central. The road has been open for freight traffic since March 1st. The construction of this line was commenced by the Westcroft Construction Co., composed of I. B. Westcroft and J. B. Arnold, on July 1st. It gives the people of Providence a connection with the Illinois Central and opens up a rich agricultural and mineral section for development.

FATAL WRECK NEAR CORYDON.

Engine Overturns Killing Fireman and Injuring Engineer.

Engine 611 backed on to a broken rail at Wilson, near Corydon, Wednesday, overturning and badly scalding Engineer Fred Mitchell and killing Fireman Ben Thomas.

The engine and caboose in charge of Conductor Bombaugh were on the way to get a through bound freight train, No. 355, whose engine had become disabled at Wilson and were running at a rate of about 25 miles per hour when the accident occurred.

Fireman Thomas was caught under the engine and lived until 2 o'clock Wednesday night, while Mitchell, who was badly scalded over his entire body, will probably recover.

V. P. Barrick is working as

yardmaster here during the illness of Yardmaster Cole. He occupied the position of Asst. Trainmaster of the Paducah district until that position was abolished about two years ago and now has charge of a train on the Cairo district.

Conductor Bash, of the Cairo district, attended court here last week.

Operator W. W. Lee and family have returned home from a visit to Nashville.

Conductor Ben Cullom is running the Central City local again after being on the St. Charles mine run for sometime.

I. B. Tanner, of the water works department, attended court at Elizabethtown last week.

Engineer Henry Frisz is ill at his home in Central City.

J. W. Rye has resigned his position as agent at Mayfield after twenty-three years' service.

J. Flaherty has succeeded Wm. Devney as chief train dispatcher of the Nashville division.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

ROYAL BAKING POWDER CO., NEW YORK.

White Skirts

Are pretty if daintily made and if good material. We have the nicest lot of all kinds of ladies' underwear in the line of

White Goods

That you ever saw. Dainty garments of finest material and the more serviceable kind of stronger fabrics. Either way, they're new in style, durable and fully warranted. Prices are a big reduction by comparison with others.

Seasons Change

And so do styles in hosiery. In Lapland women wear hosiery that ladies of our town would turn up their noses at. We don't blame them, as we would, too. Imagine a Laplander woman with a pair of

Beautiful up to date Hose

Of the class we've just opened and invite you to see and buy. They're charming to look at and only half what they ought to be as to price. Buy some.

BUILD UP THE SCHOOL.

The school trouble in Madisonville is matter of very serious regret on the part of all citizens who take interest in the educational advancement of the town and county. The misfortune touches not the county seat alone but reaches out generally throughout the county and elsewhere. The school has pupils from several other points in Hopkins county, and just now there are some forty students taking the normal course for teachers in that school. Some of these have never taught school but the bulk of them are teachers and several states are represented in their ranks.

Whether all who live in Madisonville or in Hopkins county appreciate it or not our schools are of overwhelming importance to the public welfare and the progress of enlightened citizenship. It is a truly serious matter for Madisonville and for all patrons of the school that anything should have occurred that would cripple or in any way impair the usefulness of the Madisonville Graded School. Particularly is this true since this is the first graded school, and yet in its infancy, that Madisonville with all its wealth and strength has ever had, and since only just now has Madisonville begun to give the people a free public school for longer term than that provided for by the State public school fund.

The writer, reared in Madisonville, knows well, through regretful experience, the former sorry lack of adequate free educational facilities and feels a proprietary right in commenting upon these things, both on this account and on account of the interest that every good citizen must feel in the progress of education.

There has been an arrest of the superintendent of the school and a prolonged trial on charge of unmercifully whipping a boy under the age of sixteen years. The superintendent has been held over to the grand jury. The testimony at the trial showed that the punishment was severe, though administered with a one and three-quarter ounce paddle, but that no injury resulted, further than a soreness and discoloration of the skin. It also showed that the boy was very refractory and that he fought the superintendent.

The school, as is generally conceded, has accomplished excellent results and had a bright future. But Madame Rumor has held the boards and damaging gossip has been handed around unsparingly for some time past without any one having the grit to prefer a specific charge against the object of these reports, which rumors the Superintendent and the gentlemen composing the Board of Trustees denounce as slanderous.

It is acknowledged that, but for the gossip afloat, the punishment of one bad boy more or less would not have precipitated such a sensational trial and prosecution as the superintendent has just now experienced.

Upon the question of corporal punishment in public schools we hold the opinion that it is sometimes absolutely necessary; that it should be always avoided if there is any other possible way

of maintaining the school discipline; and that, when administered, it should be done with moderation and in a way not to unnecessarily degrade the offending pupil.

As published in today's Bee, the Superintendent has demanded a full investigation of all rumors affecting himself, and the Board of Trustees have set a time for considering any charges. It is to be hoped, if anyone has a real grievance, they will, in the interest of the future welfare of the school and the town, put the charges in tangible shape, so that it may either be established or cleared up.

Let everybody contribute the best effort and influence, now and ever, to support and encourage our public schools.

Gov. BECKHAM has decided that no further latitude will be given the extra session of the General Assembly than that included under the original call. That call gives authority only to consider the question of tax on rectified spirits and the duties and powers of Auditors' agents. This decision will save to the State an "extra" thousand a day for a number of days during which numerous legislators would put their pet measures through their best gait.

THE GREAT MARCH STORM

TWELVE KILLED BY SNOW SLIDE IN COLORADO.

Heavy Snow Covered Country North of Tennessee, Causing Loss and Great Inconvenience.

The snow storm which began on Sunday, March 18, and which attained the proportions of a blizzard in many places, extended from the Rocky mountains to New England, and north of Tennessee.

In Colorado destructive snow slides are reported. Near Silverton, Col., a snow slide killed 12 miners. The men were on their way to Silverton from the Shoshone mine, where the supply of provisions had run short. One man of the party escaped. The bodies of the miners were buried many feet deep in the snow. At Camp Bird mine near Ouray, Col., a snow slide caused a loss of \$500,000, and one man is known to have been killed.

Weather men report it the worst March storm for years.

Kansas farmers are reported well pleased with the heavy snow fall, as it means plenty of moisture for their wheat.

Heavy rains and floods are reported in Mississippi, damaging plantations and delaying railway traffic.

MINERS AND OPERATORS

President Keeping Close Watch On Mining Troubles - Another Joint Conference.

Washington, March 19.—There is good authority for the statement that the president is keeping the closest sort of watch on developments in the great fight between the anthracite operators and the miners, and that at the proper time he will endeavor to repeat his services of 1902 that brought the strike of that year to an end. The president has agents who are in communication with both the operators and the miners, and is constantly informed by them of the exact situation. It is generally believed that the president would not hesitate to offer to intervene between the warring interests if he thought the situation required it.

Indianapolis, Ind., March 20.—President John Mitchell of the United Mine Workers of America has mailed to George F. Baer, chairman of the anthracite coal operators' committee, his reply to the committee's communication rejecting the demands of the miners. The letter expresses a willingness for further conference.

Indianapolis, Ind., March 20.—That there will be a second joint conference of the coal operators and miners of the central and western districts, comprising the states of Ohio, Indiana, Illinois and western Pennsylvania, was definitely determined, Monday afternoon, when the operators of the four states met in convention and adopted a resolution setting forth their willingness to meet the representatives of the United Mine Workers. Subsequently, arrangements for the conference.

The exports of oleomargarin from the United States for the 12 months of 1905 show an increase of 33.5 percent over the exports for 1904. The exports of butter during the same period show an increase of only 17.5 percent.

Mr. House-holder

It has always been my desire to secure for my customers the best of everything at the lowest possible price.

As regards paint in particular, I am pleased to announce that after thorough investigation I have accepted the exclusive agency for Hammer Paint. Paint is guaranteed for five years with back of this guarantee, the great St. Louis House of Hammer, with a half million dollars cash capital and a third of a century reputation for honorable dealing.

There is an extra guest about Hammer Paint. We sell you the paint and oil separately.

It isn't ready mixed. You can mix it yourself, and all you need to do it with is a stick.

Paint lives only so long as the oil in it lives.

When you mix the paint with oil yourself, which takes but a minute, we absolutely guarantee it to wear for five years and to look well at the end of the first year.

By purchasing the fresh oil separately and taking a minute's time to mix it with Hammer Paint you save 25c, which means in a nutshell that you have not paid for canned oil at point prices.

One gallon Hammer Paint and one gallon linseed oil covers six hundred square feet of surface, two coats, which is the closest estimate, farthest spreading, and longest lasting paint in the world.

Come in and talk it over. There is nothing else like Hammer Paint.

JNO. X. TAYLOR'S DRUGSTORE

"THE LYMAN TWIN COMEDIANS"

The Lyman Brothers who will appear here March 23 with their big company in the musical farce comedy "The Rustlers" have the remarkable distinction of being the only twin comedians today before the public.

These clever young players have made over one half the people in the United States forget the toils of life and enjoy a good laugh although they are still in their twenties and even now at that age they are rated with the best comedians of the day, their work being full of originalities and funny eccentricities of the higher order.

Their new vehicle "The Rustlers" is an elaborate musical farce, handsomely staged and filled with bright clean and refreshing comedy, intermingled with pretty music, made sprightly by a dainty chorus elegantly costumed together with a complicated and funny story portrayed by a cast of clever fun makers. The Sunnier Girls, Millie Maids, and She Trolly Girls are some of the features which are to be seen.

CHATTANOOGA LYNCHING

The United States Supreme Court May Take Measures to Apprehend Its Offended Dignity.

Washington, March 21.—Some of the members of the supreme court of the United States are considering the advisability of an attempt to secure the punishment of members of the mob which took from the jail at Chattanooga, Tenn., Ed Johnson, the negro, whose legal execution, set for Tuesday, was stayed by an order issued by the supreme court Monday. The department of justice also is considering action in the matter. The supreme court is not in session, and will not be for a fortnight yet, but it is possible that a conference may be called at an early date to consider what course should be pursued.

IN EVENT OF AN OUTBREAK

Mounted Police Held in Readiness At Points in Manitoba to Meet a Miners' Outbreak.

Winnipeg, Man., March 21.—Mounted police are being held in readiness at Calgary, MacLeod and Lethbridge to be a safeguard for any outbreak that may occur at the Lethbridge coal mines, where miners on strike are said to be going around with sticks of dynamite in their pockets, writing threatening letters to managers and acting in a threatening manner in other ways.

An Offer From Carnegie.

Hamilton, O., March 21.—President Lillian Wyckoff Johnson of the Western college for women announces that Andrew Carnegie has offered \$50,000 to complete the \$250,000 endowment fund now being raised by the college.

Aged Negro Dead. Mineral Wells, Tex., March 21.—Ben Westmoreland, a negro, said to have been 113 years old, is dead here.

HE WOULD REFORM CHINA

College President Would Regenerate the Celestial Empire By Moral Means.

Washington, March 18.—A movement has been instituted by Edmund J. James, president of the University of Illinois, for the appointment of an educational commission for the study of the social, intellectual and industrial situation in China, with a view to the regeneration of the Chinese empire.

Prof. James is a personal friend of President Roosevelt, and recently presented to him a memorandum on the subject, which the president and Secretary Root now have under consideration.

Jesus Ordered to Leave.

Also a new feature in Druggets, known as the Fibre, very elegant and splendid weavers for 12.50

We also show an elegant line of Velvets, Tapestries and Administers in all sizes and patterns. Our prices will do you good. See!

Mattings

We being the largest handlers of Mattings is a well known fact, and to say our line this season is as good as it has always been and a guarantee of the prices better, makes it doubly safe for you to place your order with us in anything in Mattings. See ours during this Sale and you will not be disappointed.

Skirt Specials

To close one lot of last season's Skirts during this Anniversary Sale we will quote you a ONE-HALF PRICE on any Skirt carried over from last season.

Our \$3.00 Special

In Gray, Black and Navy we show a Special Skirt made of Mohair, and also Panama Cloth in four different styles, and every one of this season's make. See this good thing during the sale, as they can be worn the entire season.

Shoes! Shoes!

Regardless of the fact that you are being told every day that you must pay more for Shoes, it should not discourage you, as you can get any Shoe we own at the former price you have always had it for, as we placed our order way ahead to be sure to have them at the right price, and we will give them to you during this Sale at the same price we sold them to you one year ago today. Come to us for your new and up-to-date Shoes.

Clothing! Clothing!

In this department will be found many changes (all for the better), as we have added more to this special department than in any other in the house, and wish it distinctly understood that we carry the largest and very best selected lot of Clothing in the city of Madisonville at the most reasonable prices, bar none. Come and look at the following lots of goods listed, and if the price is not right we will be willing to never again say clothing to you.
